

## Bill of Materials – Pontoon Boat

*Note: This is the minimum material required including a 15% waste factor. Some builders will require more wood flour and resin than others.*

<u>4x8' Plywood:</u>	¼" (6 mm):	6 sheets
	½" (12 mm):	1 sheet
	2 x 4 lumber*	12 feet (3.7 m)
<u>Epoxy Resin:</u>		3.6 gallons (13.6 liters)
<u>Fiberglass Tape:</u>	9 ounce, 4" (10cm) wide:	65 yards
<u>Wood Flour:</u>		2.3 quarts

*\*You could make your own lumber/beams by laminating leftover plywood strips.*
